## **Dollar more expensive than euro? Even up to 4.50 PLN**

**Poland's most popular online currency exchange company Cinkciarz.pl and Polkomtel, a mobile network provider for Plus, which belongs to the biggest telecommunicaton and media group Cyfrowy Polsat, signed a contract. Clients will be able to exchange currency at even more competitive rates. It's easy - all it takes is a signed contract with the network and a mobile device running on the Android operating system.**

Cinkciarz.pl is Poland's largest website enabling the exchange of 24 currencies. The offer is suited for private, individual customers, as well as entrepreneurs. The latest advertisement reads: the only rescue for the franc.

Now, the FX portal is even more user-friendly and comfortable, enabling money to be transferred via smartphone or tablet. The devices running on Android OS, offered for Plus' clients, will have the popular mobile Cinkciarz.pl app pre-installed.

*- Our customers are eager to use mobile devices. However, they tend to be less excited to look into the leaflets attached to packaging. We decided to take a step in their direction. We offer discounts, which are already included in the app. All it takes is initiation of a transaction, and the discount will lower the cost of the first transaction. The client doesn't have to do anything else. In a few words: we give our clients better exchange rates* - emphasized Kamil Sahaj, Cinkciarz.pl Marketing Manager. He added: *- The final total of the discount will depend on the amount of the transaction. The more the client exchanges, the more profitable the transactions will be.* The joint promotion of Plus and Cinkciarz.pl will last for at least a year.

The mobile network provider for Plus, apart from supplying telecommunication infrastructure, also offers its clients other services, such as banking, providing energy and television.

*- Our goal is for our clients to take more and more advantage of various spheres. Currency exchange is one of those spheres. Thanks to this cooperation the clients who sign a contract including a device with Plus, will be able to buy currency in a simple and comfortable way. Additionally, their first transaction will be granted with a discount* - said Michal Kot from Plus' Strategy Department.
